Introduction

I have a keen interest in software development and a strong training foundation. I'm a motivated self-starter who can work under their own initiative. Dedicated to continuing training and development of skills by staying up to date with the latest technologies. Enjoy working as part of an agile project team. Right now, I want to join a reputable technology company that is clear on its mission, vision and purpose.

Education

Openclassrooms Level 5 EQF   Sept 2019 - Mar 2021
